

Discounted Alternative Phone Mast Locations

A number of alternative locations for the proposed phone mast were assessed during the site search process:

The alternative site options considered and rejected were as follows:

No.	Site Name/Address	Reason for Rejection
1	Church Tower, St Giles Church	Any form of development was discounted due to the limited space on the church tower and its position below the level of surrounding mature trees.
2	St Giles Church of England Primary School - Car Park and Playing Field	Any development was discounted due to the limited space in this area.
3	Great Maplestead Village Hall	Any development was discounted due to the limited space in this area.
4	Little Lodge Farm, Church Road, Little Maplestead	Any development here would be very prominent due to its position overlooking the village. With no other large items of street furniture in this location to add context, any development here would be incongruous.
5	Monks Lodge Farm, Gestingthorpe Road	Any development here was discounted as there is no viable space.
6	Traffic Island (junction of Church St & Lucking St)	Any development here was discounted as there is no viable space.
7	Farmland near Lucking Street.	Any form of development here was discounted as there is no possibility of supplying the necessary utilities (electricity and phone lines) to the site.
